CUISA 2014 Highlights & Successes

ICBC

Over the past year, CUIISA met multiple times with the President and Executive of ICBC along with representatives from the IBABC to advocate for enhanced broker compensation. As a result of CUIISA's input, in conjunction with ICBC and IBABC, ICBC has confirmed they will provide brokers with an increase in basic commission, as well as a commitment for an annual review in the future.

For 2015, the basic fees payable for new plate, renewal and endorsement (change) transac-

tions will increase by 3.0%. New plate policy transactions will increase to \$14.42, renewals will increase to \$13.34 and endorsements will increase to \$10.89.

ICBC has confirmed that it is committed to paying fair remuneration for Autoplan broker services. Going forward, they commit to making continued efforts to address these concerns through annual incremental adjustments to basic fees, while balancing the need to keep insurance rates as low as possible for our mutual customers.

CUISA FINANCES

We are very pleased to report that the association is closing 2014 with a modest surplus. This is the first time in the last several years that this has occurred. We look forward to reporting the particulars at this year's Annual General Meeting.

A Message from your Executive Director

In November of this year, I was honored to be selected as your new Executive Director. I have participated in numerous CUIISA conventions in the past, as a guest, and look forward to continuing in this new capaci-

ty. I have had the pleasure of meeting many of you through my credit union and insurance industry experience and I look forward to working with both the familiar faces, as well as the new ones. I will be in

touch with you all in the new year and wanted to say thank you for your support thus far.
