Save the dates – Conference 2022 is coming !

To CUISA Members and Corporate Partners

I am very happy to inform you that the CUISA board met recently and is planning to hold a conference in Whistler from June 14th to 16th, 2022. We are currently working on the contract for the venue and once signed I will share details and send a calendar invite to both our membership and our Corporate Partners, but in the meantime please save the dates in your calendar.

As I mentioned back in March, I sense there will be some pent-up demand, so once details are released, I strongly encourage you to book early. Please do not hesitate to reach out to me if you have any enquiries. With Fall now upon us I want to wish you all a Happy Thanksgiving and hope you are able to spend some quality time with family and friends.

Sincerely

Dave Jevons
Executive Director, CUISA

RESTORE REPORT

OCTOBER IS NATIONAL FIRE PREVENTION MONTH.

HELP KEEP YOUR POLICYHOLDERS, AND THEIR HOMES, SAFE.

According to the National Fire Protection Association (NFPA.org), 3 out of 5 home fire deaths happen from fires in homes with either no smoke alarm or homes with alarms not in working order. A fire prevention checklist is essential in helping your policyholders practice fire prevention and preparation.

FIRE SAFETY TIPS:

Create a family/roommate fire escape plan and get familiar with the steps.

Replace batteries in every smoke detector when Daylight Savings ends and begins. Remember to replace the entire alarm every 10 years or as needed.

Don't overload an electrical outlet and go easy on your surge protectors.

Have your chimney inspected before the first fire of the season.

Just **one** more
question.

**Who drives
your car?**

“Who drives your car?” It’s a crucial question to ask your customers.

Crashes now follow the driver instead of the owner. Adding household members employees, and regular drivers of the car will help avoid financial consequences. Drivers can be added or removed any time.

For occasional drivers, there’s Unlisted Driver Protection. It offers protection should an occasional driver cause a crash in your customer’s car.

Let's navigate the new world of travel together with travel protection that goes beyond what's expected

As market conditions continue to change, Allianz Global Assistance is committed to ensuring our partners have everything they need to meet and exceed their clients' expectations when they're ready to travel again.

We understand that some clients may have important reasons to travel, such as for family or work, during these unusual times. That's why we've launched a COVID-19 Insurance and Assistance Plan to help protect the health and safety of travellers.

COVID-19 Insurance and Assistance Plan:

- \$1,000,000 policy maximum
- Coverage for emergency hospital and quarantine expenses related to COVID-19
- Ideal supplement to travel insurance plans that limit coverage for COVID-19
- No upper age limit
- No medical questionnaire required
- No deductible
- And more!
